EXPERIENCE

Natalie joined WEL Partners as an Articling Student in August of 2021. Prior to joining WEL Partners, Natalie completed her Juris Doctor at the University of Windsor, receiving the “de Vries Litigation Award” for her outstanding performance in Civil Procedure, Wills, and Estate Law.

Natalie received her Honours Bachelor of Science from the University of Toronto with specializations in Health, Disease, and Bioethics. Throughout her schooling, she volunteered at Sunnybrook Hospital and a long term care home for dementia patients – two experiences which would not only solidify her passion for capacity and end of life matters, but instill in her an ability to handle sensitive situations with the utmost care and diligence.

Natalie is a strong advocate for making the law more accessible and client-centered. With her legal education, she sought to do just that: volunteering with community-based legal organizations Legal Aid Windsor and Pro Bono Students Canada, and assisting in the creation of a user-friendly court procedure manual. Natalie recognizes that litigation may seem daunting and uncertain. However, with empathy and respect, she will work with you to demystify the law and address any concerns.

In her spare time, Natalie enjoys playing board games, trying new recipes, and taking deep dives into the Internet.
